

# Rome Student Systems and Standards Group

## Dublin meeting report

Victoriano Giralt

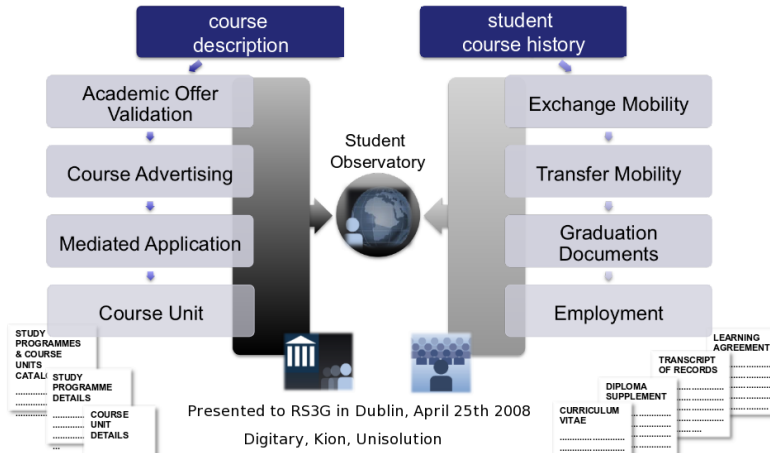

Servicio Central de Informática  
Universidad de Málaga

Brugge  
May 18th, 2008

# Student systems and standards

the big picture

# Business cases

identified by RS<sup>3</sup>G

- Academic offer validation
- Course advertising
- Student mobility
- Diploma supplement
- Europass
- Student observatory

# Needs

we can help solve

- Multiple sources of information
- Source verification
- Contents tamperproofing
- Secure and authenticated transports
- Access control and Identity verification
- Privacy controls

Moving students and their data around  
clearly benefit from  
federation and interfederation infrastructure
