RS^{3}G and TERENA

possibility for working together

Victoriano Giralt

European Committee for Academic Middleware
TERENA middleware and federation task forces
University of Málaga

Århus June 25th, 2008

REFEDS
Research and Education Federations

http://www.terena.org/activities/refeds/

Institutions have been trying to develop reliable solutions to authenticate and authorise their users. The increasing mobility of users and the increasing number of international projects has resulted in the need for collaboration beyond institutional borders.

tf-emc^2
task force on European Middleware Coordination and Collaboration

http://www.terena.org/activities/tf-emc2/

The aim of the task force is to provide a forum to discuss middleware issues and foster collaboration in the middleware arena.

Task force will recharter in two weeks

EuroCAMP
European CAMPUS Architecture Middleware Planning workshops

http://www.terena.org/activities/eurocamp/

The aim of EuroCAMP is to reach out to the European campuses and promote state-of-the-art middleware technologies.

Offering
ways to work together

- tf-emc^2 develops SCHAC by consensus
  they offer experience and connection to eduPerson
- REFEDS say: how can we help moving the data around?
- EuroCAMP: do you have subjects for one of them?

Could we schedule a join meting in autumn?
Maybe in Stuttgart?
