# URNReg

evolution of an idea

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

- URNs were exploding in our activities

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

- URNs were exploding in our activities
- An idea was presented in 2006 in Malaga

# URNReg

evolution of an idea

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

- URNs were exploding in our activities
- An idea was presented in 2006 in Malaga
- Candido volunteered to do an implementation

# URNReg

evolution of an idea

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

- URNs were exploding in our activities
- An idea was presented in 2006 in Malaga
- Candido volunteered to do an implementation
- One year later working code was presented

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

- URNs were exploding in our activities
- An idea was presented in 2006 in Malaga
- Candido volunteered to do an implementation
- One year later working code was presented
- This year eduGAIN became the pilot user

tf-emc<sup>2</sup> has seen the idea evolve from inception to deployment

- URNs were exploding in our activities
- An idea was presented in 2006 in Malaga
- Candido volunteered to do an implementation
- One year later working code was presented
- This year eduGAIN became the pilot user
- We have presented the idea in eChallenges

# URNReg

evolution must not rest

There is plenty of room for improvement

There is plenty of room for improvement

- The specifications document needs some polish

There is plenty of room for improvement

- The specifications document needs some polish  $\Rightarrow$  RFC?

There is plenty of room for improvement

- The specifications document needs some polish  $\Rightarrow$  RFC?
- More deployments (SCHAC)

There is plenty of room for improvement

- The specifications document needs some polish  $\Rightarrow$  RFC?
- More deployments (SCHAC)
- Apply the refinements derived from the use of the tool

# Collaborations

You learn while you teach, you teach while you learn

# Collaborations

You learn while you teach, you teach while you learn

There are others that can use our work whose work we can use

the long and winding road

SCHAC has had a healthy childhood

# SCHAC

the long and winding road

SCHAC has had a healthy childhood

- Officially born in March 2005

# SCHAC

the long and winding road

SCHAC has had a healthy childhood

- Officially born in March 2005
- Mikael was the first to contribute to the list

# SCHAC

the long and winding road

## SCHAC has had a healthy childhood

- Officially born in March 2005
- Mikael was the first to contribute to the list
- Javi proposed the first beta of the schema on month later

## SCHAC has had a healthy childhood

- Officially born in March 2005
- Mikael was the first to contribute to the list
- Javi proposed the first beta of the schema on month later
- First version was a Christmas present (Dec 26th 2005)

## SCHAC has had a healthy childhood

- Officially born in March 2005
- Mikael was the first to contribute to the list
- Javi proposed the first beta of the schema on month later
- First version was a Christmas present (Dec 26th 2005)
- Present stable version was published at the start of 2007

## SCHAC has had a healthy childhood

- Officially born in March 2005
- Mikael was the first to contribute to the list
- Javi proposed the first beta of the schema on month later
- First version was a Christmas present (Dec 26th 2005)
- Present stable version was published at the start of 2007
- The schema, or parts of it, has been widely adopted

# SCHAC

there is room for development

We should not consider SCHAC as a finished work

# SCHAC

there is room for development

We should not consider SCHAC as a finished work

- Connections to student data ← RS<sup>3</sup>G

# SCHAC

there is room for development

We should not consider SCHAC as a finished work

- Connections to student data ← RS<sup>3</sup>G
- Some new use cases need new attributes ← WAYF.dk

# SCHAC

there is room for development

We should not consider SCHAC as a finished work

- Connections to student data ← RS<sup>3</sup>G
- Some new use cases need new attributes ← WAYF.dk
- The SCHAC URN RFC is ready for prime time

We should not consider SCHAC as a finished work

- Connections to student data ← RS<sup>3</sup>G
- Some new use cases need new attributes ← WAYF.dk
- The SCHAC URN RFC is ready for prime time
- Should SCHAC become a *real* European standard?
